

Supply Recommendations Arts and Crafts

This class is designed to service your art interests and needs. To that end I am going to recommend that you purchase the either supplies for watercolor painting OR acrylic painting.

Those of you that do not have a lot of recent art experience are recommended to try making a WATERCOLOR OR ACRYLIC LANDSCAPE PAINTING. If you are confident and you know what media and subject matter you want to explore then by all means go for it!

YOU SHOULD BRING AT LEAST 5 LANDSCAPE PHOTOGRAPHS ON PREFERABLY AN I Pad or Laptop. Cell phone pics will work but they are not ideal for success. I would prefer that you work from your own photos but will not forbid it.

ALL SUPPLIES MAY BE PURCHASED AT MICHEALS IN HANOVER.
